Annual Scholarship Issue
Growing Legacies & Making Dreams Come True
Scholarships are a group effort

The Foundation recently participated in award ceremonies for Carlsbad and Loving Schools and I was struck by the number of people that had a hand in this moment.

Of course, many of the Foundation’s scholarships began well before most of the recipients were born. Generous donors over the past 45 years have allowed the Foundation’s endowed scholarships to grow and help hundreds of students pursue their dreams. Whether it is individual or corporate contributions to scholarship funds, or generous gifts to support the endowed scholarship program such as those previously reported by First American Bank through the Cockburn Charitable Trust, we are forever grateful for the generosity that makes the awards possible.

This year, we offered the Candy Thomas Bussell Memorial Scholarship, the Brittney Dunn Memorial Scholarship and the Everett and Imogene Stanley Scholarship for the first time. Like the other endowed scholarship funds, they will benefit students for many years to come.

The most moving part of this process is the involvement of family members in the award of scholarships named for their loved ones. The recipients become part of a growing legacy, as we remember those who were very much loved.

The Carlsbad and Loving schools play an important role in this process, as well, and they did a great job this year. While the Foundation is the largest single provider of local scholarships in South Eddy County, there are also many other local organizations that offer scholarships. Together, we send our graduating seniors off to college or vocational school with the full knowledge that their community stands behind them.

Congratulations and best wishes to all of this year’s scholarship recipients!

ConocoPhillips grant supports Foundation

Many thanks to ConocoPhillips for its continued support of the Carlsbad Community Foundation! A Benefactor since 2020, ConocoPhillips awarded $5,000 for the Founders Fund, which supports our long-term charitable mission. The award was made at the company’s Eddy County – Delaware Basin Philanthropic Recognition event in Loving, NM. ConocoPhillips awarded grants to many other local organizations for a variety of charitable purposes at the event and we were so honored to be included. We are grateful for their support of not only the Foundation, but also to the region.

In the photo, Executive Director Mike Antiporda accepts the award from Ivan Ruiz, Tina Tiffany and Keith Bailey.

CavernFest planned for Downtown Carlsbad

Going to CavernFest? The Foundation is proud to host Carlsbad MainStreet’s planning meetings in our office and we can’t wait to participate in the event on June 9-10, 2023.

On Saturday, June 10, stop by our booth in front of the Foundation’s office (114 S. Canyon Street) to learn how we partner with donors to improve the lives of people in our community. We will also have information about scholarships for continuing and/or returning college students (adults of all ages).

Foundation awards Chevron Catalyst Grants to 21 local nonprofit organizations

The continuing collaboration between the Carlsbad Community Foundation and Chevron recently gave a boost to the philanthropic work of 21 nonprofit organizations. Through a competitive grant process that began in October, the Foundation selected the grant applications that would be funded out of the Chevron Catalyst Grant Fund.

“The Foundation is proud of the six-year partnership with Chevron that has made these awards possible,” said Foundation Board President Bill Kingston. “Over the years, the Chevron Catalyst Grant Program has been a tremendous help in our community and we appreciate the unwavering annual support Chevron has provided to make the program a success.”

The Chevron Catalyst Fund was established in 2016 as a partnership between the Foundation and Chevron Products Company in an effort to help diverse charitable needs within the community. To date, the Foundation has awarded over $381,000 in grants from the fund.

“Chevron seeks collaborators in the communities where we live and work that help expand opportunities in the areas of health, education, environment and economic development,” Leland Stafford, the Chevron Carlsbad Operations Superintendent in the Delaware Basin said.

“The Carlsbad Community Foundation is an effective steward of this work through the Catalyst Grant and brings a comprehensive understanding of the Carlsbad community’s needs. We look forward to learning about the impacts of the programs selected this year.”

This year, the 21 grants to local organizations totaled more than $67,000. The 2023 Chevron Catalyst Grant recipients are:

- Assistance League of Carlsbad, Inc.
- Boys and Girls Club of Carlsbad, NM
- Carlsbad Battered Families Shelter
- Carlsbad Community Concert Association
- Carlsbad Community Theatre
- Carlsbad LifeHouse, Inc.
- Carlsbad Literacy Program

Foundation scholarship awards top $165K for 2023

The Foundation has awarded 144 scholarships to graduating seniors from local public high schools! The money will be put to good use by students pursuing academic degrees or vocational certificates. The highly competitive process began with informational meetings in January at each school, followed by a two-week application period in early February. The recipients were announced at ceremonies in Carlsbad on April 24 and in Loving on April 26.

Congratulations to all of this year’s recipients!

Foundation marks 45 years of service

The Carlsbad Community Foundation has been serving our community since 1978, when Executive Director John Mills led the transition from Carlsbad Regional Medical Center to a health foundation and eventually a community foundation. We are honored to continue the work he started to improve the lives of people in Carlsbad and South Eddy County. Watch for more about our long history in the coming months!
